MD MASFIQUR RAHMAN

Senior Software Quality Assurance Engineer

Manual QA • Playwright Automation • Mobile • API • AI Testing

ABOUT ME

Top-Rated Senior Software Quality Assurance Engineer with 14+ years of experience delivering high-quality web, mobile, SaaS, AI, and enterprise applications. Hold Bachelor's and Master's degrees in Computer Science and Engineering. Worked with global brands including Tesco, Harrods, Marks & Spencer, Visa, Dell, FedEx, Hilton, and many others. Specialized in Manual QA, Playwright Automation, REST API Testing, exploratory testing, cross-browser testing, User Acceptance Testing (UAT), Analytics QA, and release readiness for distributed Agile Scrum and CI/CD teams. Certified in Claude and AI Fluency (Anthropic). Upwork Top Rated Plus · 100% Job Success · 50+ releases · 200+ apps.

KEY ACHIEVEMENTS

- ✓ 14+ Years Experience
- ✓ 100% Job Success on Upwork
- ✓ Claude & AI Fluency Certified
- ✓ 200+ Applications Tested
- ✓ Upwork Top Rated Plus
- ✓ Master's in Computer Science
- ✓ 50+ Production Releases
- ✓ Web, Mobile, API & AI Testing

EXPERIENCE

- Full Stack QA Engineer** Jun 2017 — Present
The SilverLogic · Full-time · Boca Raton, FL, United States (Remote)
 - Remote Senior QA Engineer collaborating with developers, designers, and product managers across USA-based and global remote teams.
 - Delivered QA across 50+ production releases for enterprise SaaS platforms with Playwright automation and structured smoke/sanity suites.
 - Performed web, mobile, REST API, Analytics, and Stripe payment / NFC testing with SQL validation; verified TestFlight, APK, Expo, and Xcode builds.
- Quality Assurance Engineer (Freelance)** Mar 2024 — Aug 2026
World Sport Action · Freelance · Mona Vale, NSW, Australia (Remote)
 - Freelance remote QA for Squadi, Basketball, and Netball apps and portals across Dev, QA, and Staging — registrations, livenesscores, attendance, referee reports, banners, and ticket-fix verification.
 - End-to-end checks from UI behavior into APIs and databases when needed; detailed pass/fail notes and evidence in Jira.
 - Started on Squadi AU, then Basketball and Netball, reusing shared checks across similar sports apps without mixing environments.
- QA Lead and Scrum Master (Freelance)** Jul 2021 — Oct 2023
Teachally · Freelance · Seattle, WA, United States (Remote)
 - Freelance QA Lead for an AI-powered edtech product used by teachers for lesson planning and classroom workflows.
 - Reviewed requirements and technical designs to catch quality risks early; drove release readiness and UAT across web and mobile.
 - Facilitated Scrum ceremonies while keeping quality ownership cross-functional.
- QA Consultant (Contract / Freelance)** Nov 2021 — Feb 2022
Enian · Contract / Freelance · Greater London, England, United Kingdom (Remote)
 - Contract freelance QA improving software quality inside a cross-functional team of developers, designers, Scrum Masters, and product managers.
 - Strengthened QA process and release confidence for production deployments.
- Sr. Software QA Engineer & Risk and Compliance Analyst** Jul 2012 — Mar 2018
SEBPO · Full-time · Dhaka, Bangladesh (On-site)
 - Created and executed test scripts across multiple environments and browsers for business-critical applications.
 - Supported risk and compliance analysis alongside quality assurance controls and structured validation.
